

PUSH-IT Tray Delivery System

Increase profitability by vending larger and higher margin products with this versatile push style tray.

Adaptable

Vend a wide variety of premium products, including different types, sizes, weight, and form factors.

Flexible Configuration

Change selections without additional parts. No coil changes. No hassles.

Accurate

Eliminates missed or empty slots during restock.

Quicker Restocks

No fighting of coils.

Better Product Display

Presents products face on with no tilt or label obstruction.

Greater Capacity

Additional product per selection over coils.

Strong

Pushes up to 15lbs per unit / 30lbs with opposing units.

Interchangeable

Switch out up to 3 trays with standard coil equipped FLEX controlled models.

PUSH-IT Tray Delivery System

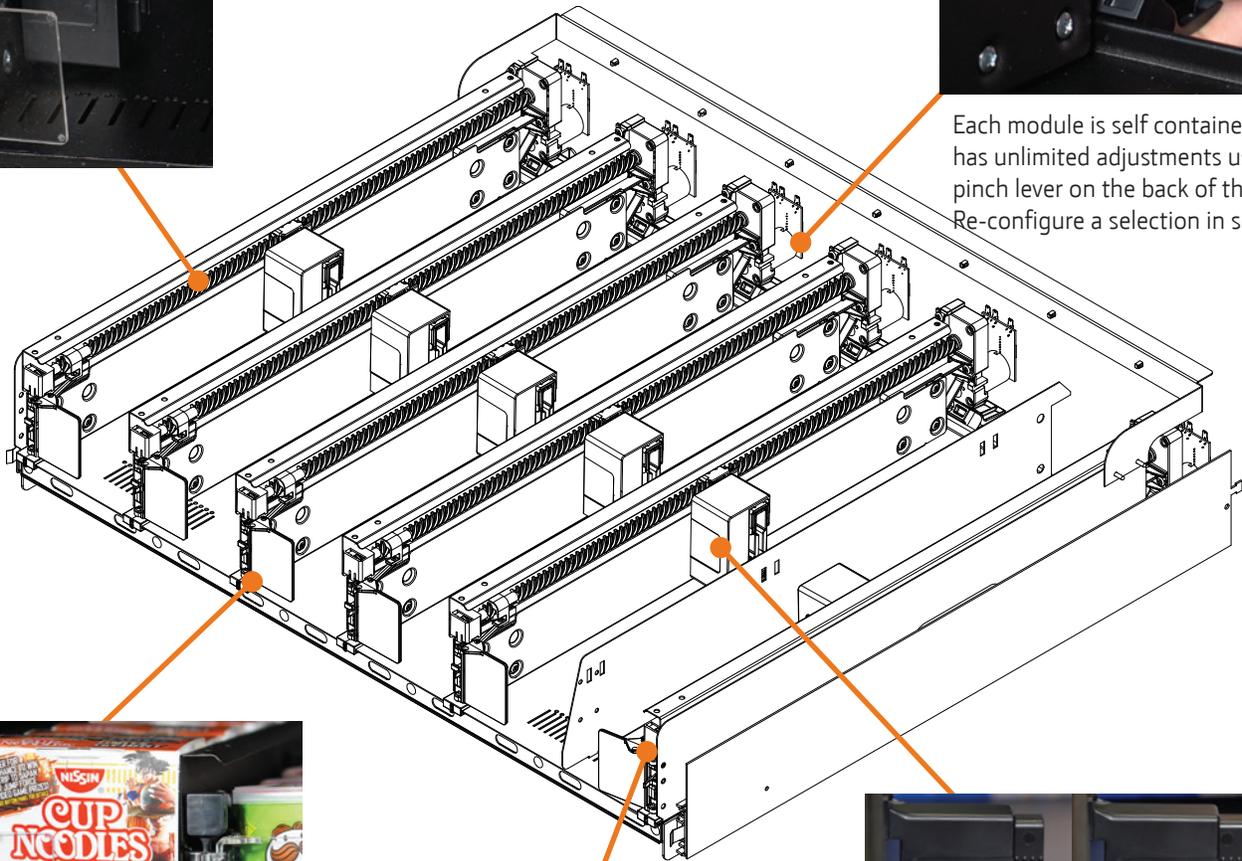

- Each tray comes standard with 4 left hand and 1 right hand Push Modules
- Replace up to 3 standard snack trays in FLEX controlled USI equipment

Push modules uses a helix design with a one way tooth engagement allowing pusher to be quickly reset into a loading in position.

Each module is self contained and has unlimited adjustments using a pinch lever on the back of the unit. Re-configure a selection in seconds.

Optically clear gate retainer keeps products secure until vended.

Module is reversible to accommodate extra-wide products.

Product pusher adjusts for different product widths and resets in one second during restock
